

# Golf Course Products

Whether you are responsible for the care and maintenance of a championship or municipal course, your customers demand the highest possible levels of quality. Quality of playing areas, of landscaping and of facilities. Quality that requires the use of the finest possible materials.

As a major supplier to the golf course construction and maintenance sector for more than 10 years, Grundon understands and responds to these needs with a range of products that allow you to deliver the highest possible levels of quality.

Our bunker sands are available in two colours, and offer excellent drainage properties and playability.

- **Henham** – Light colour
- **Frithend** – Yellow colour

*Medium/fine grain sands, screened at 2 mm.*

**GRUNDON**

# Golf Course Products

In addition to our bunker sands, we can also provide you with a wide range of aggregates, dressings and decorative aggregates including:

## Soils

A range of blended soils screened at 30 mm.

## General Purpose Turf Dressing

A blend of washed sand and quality soil.

## Path Gravel

Coxwell Self-Binding Gravel is a unique product that is used extensively to create hardwearing and naturally beautiful pathways. Brown in colour and easy to lay, Coxwell Self-Binding Gravel requires little or no maintenance and matures to provide a strong pathways with a natural appearance.

## Shingles

We offer a wide range of shingles from our quarries across the South of England. Varying in colour from our blue and brown rounded Anglian Shingle to our popular Golden Shingle, these are available in 10, 12 and 20 mm grades and are ideally suited to applications including paths, drives and drainage.

## Decorative Aggregates

The Grundon Golf Course product range is complemented by a full line-up of rockery stone, boulders, cockleshells, puddle clays, beach cobbles and pebbles.

The quality of these specialist materials is ensured by the services of independent consultants and testing laboratories that ensure the finest product quality control.

**So if you are looking to provide your customers with the highest possible levels of golfing quality, let Grundon provide you with the highest quality materials.**
