

Ewelme Materials Recovery Facility

(part of Grundon's [Waste Disposal Services](#))

Recycling Services

The Site

The Materials Recycling Facility (MRF) was opened in July 1999 on the site of the Ewelme No. 2 Landfill, near Wallingford, Oxfordshire. The facility provides a comprehensive and environmentally sound one-stop-shop for construction & demolition, building and general trades, landscaping and muck away companies.

The site is open 6 days per week for disposal and collection during the following hours:

- **Monday-Friday:**
07.30-16.00
- **Saturdays:**
07.30-11.30
- **Sundays & Bank Holidays:** Closed

Process/Products

The wastes received (construction & demolition, builders skips and inert) are processed to **recover as much material as possible** in order to produce a variety of saleable products, which include:

- **Screened soil** - 0-20mm
- **Screened stone** - 20-70mm
- **Brick rubble/hardcore** - 70-120mm
- **Crushed**
- **Various recovered/reclaimed materials**
- **Primary aggregates**

Prices for secondary and recycled materials are negotiable depending on volume purchased.

For information on disposal of wastes, purchasing of secondary and recycled material or general enquires, please contact the Recycling Manager on 01753 686777.

The Containers

Grundon supply a whole range of containers ready to suit your needs. If your waste is only one waste stream (ie, wood, metal or aggregate) or even if it's generally mixed "construction waste", Grundon recover a large percentage for reuse.

That's the benefit to our customers and the environment.
