

COMMUNITY INFORMATION DAY

Energy from Waste (EfW) proposals for the Old Kiln Quarry, Chieveley

Please join us at a community information day to view our final proposals for an Energy from Waste facility on the above site.

DATE & TIME: **Thursday 20 October 2011 between 3.00pm and 7.30pm**

VENUE: **Cromwell Suite, Donnington Valley Hotel & Spa,
Old Oxford Road, Newbury, Berkshire RG14 3AG**

The community information day will be open to anyone interested in the proposals and will provide the opportunity for you to view the submitted plans, speak with members of the development team on how the proposals have evolved since the February pre-application public exhibition and have your questions answered. We will be seeking to address misinformation that is currently circulating and detailed visualisations showing how the scheme would look from a variety of viewpoints will also be on display.

We are keen to discuss the submitted proposals with you and look forward to seeing you on 20 October 2011.

If you have any questions please contact us on our
Freephone information line 0800 169 8766
